Information about this Service

Where is it available?
This service is only available at Gigacomm on-net buildings and serviceable coverage areas. Your address must be qualified before formal acceptance and commencement of service delivery.

What do I need to access the service?
Gigacomm will provide a single Network Termination Unit (NTU) with one customer-facing 1000BASE-T Ethernet port.

To achieve the full service experience, you will need a compatible router at your premises capable of the purchased service throughput.

Internet Speeds
Small Business internet speeds achieved over our network are best efforts and are not guaranteed.

Actual speeds you will receive may vary due to several factors, such as limitations on your hardware or software, internet traffic and the source, or type of content being downloaded or uploaded.

Acceptable & Fair Use Policy

Gigacomm wants all of its customers to have a great experience using its products, but one user's experience can be impacted by the use and behaviour of others. To maximise the available benefit to all users, Gigacomm has established a set of rules and potential actions if those rules are breached in its Acceptable & Fair Use Policy. We encourage Gigacomm's customers to read the Acceptable & Fair Use Policy, available here:

https://www.Gigacomm.net.au/resource/1747641623000/GigacommAcceptableFairUsePolicy

Qualifications
Please note that this service may be suspended and/or cancelled if you fail to pay your bill, you are abusive to our staff or you breach our "Acceptable & Fair Use Policy" available on our website.

The following limitations apply to your Small Business Internet service:

- For private business use only and may not be resold
- May not be used for internet aggregation or connection between data centres
- Border Gateway Protocol (BGP) is not available on this service

Information about Pricing

Monthly Charges
Refer to the above table.

Optional add-ons
You may choose to add the following add-ons to your service:

Add-on	Monthly Charge (excluding GST)
Static Public IP address (IPv4)	$6.82 per month
Hosted PBX Voice lines	Refer Gigacomm Office Voice plans

Excess Usage
Gigacomm's Small Business Internet has no time restrictions or excess usage charges. Our "Acceptable & Fair Usage Policy" applies.

Equipment Fees
You may choose to supply your own router, however this will not be supported by the Gigacomm team.

You can purchase a router from us outright or choose our managed router option in which case we will supply and manage the router for you. Postage and handling fees apply.

Billing Information

Billing Charges
Bills are sent each month to your registered email address, free of charge.

Billing Date
Billing periods start on the 25th of each month, and end on the 24th of the following month. We will bill you in advance for the Minimum Monthly Charge, and in arrears for any usage charges. Invoices are sent a few days after the start of each billing period.

First Bill Charges
Your first monthly invoice shows transactions for the following:

- Installation. The installation fee, and any payments you made to us prior to installation.
- Part-period fees. For new customers, it is likely you will join us part-way through a billing period. We charge you for the portion of that period from the day after your installation to the end of the current billing period.
- Next period fees. The monthly fee for the next billing period.

Payments
Payment must be made by direct debit.

You will continue to be billed for the Service until you contact us to cancel the service. Your service may be restricted if you fail to pay your bill on time.
